

Innovative and elegant lighting control

LEDsmart⁺ Rotary Disc & Wall Mounting Kit

LEDsmart⁺ Rotary Disc & Wall Mounting Kit

INNOVATIVE & ELEGANT

Controlling the lighting ambience within a space just got more elegant and intuitive. The Rotary Disc offers an entirely new way to mount and control **LEDsmart⁺ Rotary Dimmers**. It also provides users with a modern and stylish dimmer interface, with no wall plate needed!

The Rotary Disc is the perfect interface for **LEDsmart⁺ Rotary Dimmers**, adding unique style, simplicity, and usability.

LEDsmart⁺ Rotary Disc & Wall Mounting Kit

SIMPLE INSTALLATION

With no wall plate required, the Rotary Disc & Wall Mounting Kit is quick and straightforward to install, and an affordable enhancement for the homeowner.

LEDsmart⁺ Rotary Disc & Wall Mounting Kit

PRODUCT FEATURES

Provides an elegant user interface for **LEDsmart⁺ Rotary Dimmers**

Only the stylish 56mm diameter disc is visible to a user - no wall plate is needed!

Adds an inspirational design feature to any wall

Enables both rotary dimming and push on/off control via an **LEDsmart⁺ Rotary Dimmer**

Supplied with two alternative discs – white gloss finish and white gloss/faux glass finish

Custom designed and manufactured 3rd party Rotary Discs can be used in conjunction with the included 'Adaptor Base' accessory

LEDsmart⁺ Rotary Disc & Wall Mounting Kit

PRODUCT SUMMARY

The Rotary Disc and Wall Mounting Kit, item number MMCE/RT, is suitable for use with **LEDsmart⁺ Rotary Dimmer** (item number MMDM/RT). The Wall Mounting Kit is installed directly into a Gyprock™ wall, with no additional wall plate required. The Rotary Disc is then attached to provide an elegant circular interface for **LEDsmart⁺ Rotary Dimmers**, with a visible diameter of only 56mm.

This product does not include an **LEDsmart⁺ Rotary Dimmer**. Please purchase the Dimmer, Item Number MMDM/RT, separately.
