- 20000 hours operation

#### KEY APPLICATIONS

- Roadway (P)
- Pedestrian
- Amenity

B2001

The B2001 Series is designed to provide an economical and efficient method of area lighting. The Sylvania B2001 Nostalgia Series presents the opportunity to create modern, energy efficient street lighting systems, whilst maintaining a nostalgic appearance. Apart from its decorative attraction, both models for the B2001 and Nostalgia provide a street lighting distribution to meet AS1158 Category P for Minor Road Lighting and AS1158.6.

Both models are designed as a completely integral unit with lamp and control gear easily accessible for maintenance. The body assembly is pressure die-cast aluminium with stainless steel fixings used exclusively in manufacture and the radial prismatic refractor is injection moulded acrylic and offers 5800 lumen output.

#### LUMINAIRE CONSTRUCTION

- B2001 - Pressure die-cast aluminium body and canopy
- IP54 optical & gear chamber with acrylic Type 3 refractor
- Post top mounting (76 x 80) fits 76mm OD pipe
- Black polyester powdercoat finish as standard

#### OPTIONS AVAILABLE

- D2 type photoelectric control switch
- Symmetric distribution
- Polyester powdercoat finish in various colours
