

# Concord

## CILINDRO 108

Cilindro is an innovative family of LED track spot lights, which offer the designer a range of lumen outputs, beam angles and colour temperatures. With its simple discrete design, the Cilindro integrates into the environment, while its efficient AC LED module makes this family the perfect alternative to conventional lighting sources

Diecast body with a drop forge heatsink.  
Interchangeable optics, outputs and styles 12°/24°/ 40°, standard 24°

Available in 3000K & 4000K colour temperature

Bidirectional adjustment

Compatible with Concord 3C, Staff 3C, Eutrack 3C, Erco 3C, Global 3C, Ivela 3C, Euro Track 3C

Citizen CL Series AC LED @ 85CRI. Range available in two sizes and 3 wattages

101 lumens p/w

Lamp life 50000hrs / 70%

Dimmable using leading edge dimmer. For best performance we recommend use with Diginet LEDsmart+ Dimmers.

### Product Specification

<b>50000</b> Rated Average Life	<b>IP20</b> IP Rating	<b>30W</b> System Power (W)	<b>240V</b> Voltage	<b>0KG</b> Mass (kg)
<b>3000K</b> Colour Temperature	<b>2842Lm</b> Lumen Output	<b>85</b> Color Rendering Index	<b>Powdercoated</b> Finish	<b>LED (COB)</b> Lamp Type
